

WEDDING OFFERINGS

DETAILS:

It is important to me to note that each event/wedding is custom-designed to suit each client's style, colour palette & budget. I see each design as its own piece of art & uniquely created for that day.

These offerings are to provide a rough estimate of common budget options & do not reflect all of the possibilities.

Please don't hesitate to reach out for a custom estimate or to further customize one of these offerings.

Delivery/Set-up is optional & not included in these offerings
